

Hello everyone.

I hope you are doing well.

As you know, we will resume most of our activities on September 1. To this end, we would like to provide concrete assistance to some of our colleagues who may have difficulty paying their 2020-2021 Bar fees to avoid losing the expertise and experience of members who are facing temporary financial difficulties as a result of the pandemic.

The Barreau du Québec is therefore proposing a fee relief measure (*Mesure d'allègement des cotisations* or "MAC"). Rather than a slight reduction in fees for everyone, this measure entails a significant or even complete reduction in fees for those members who need it the most.

Thank you all for your solidarity.

If you have any questions about MAC, please send an email to mac@barreau.qc.ca.

Regarding the practice before the courts, please follow the updates on [our website](#).
